

CAUSES REWARDS

REWARDING GOOD ACTIONS

- Our aim is helping good causes to raise additional funds using from both people and from the protocol itself
- Causes are submitted by people for inclusion in Karma Coin
- Submitted causes are verified by team Karma Coin to ensure that only legitimate and reputable non-profits get on the platform
- Karma Coin App users discover approved causes and can contribute to them by sending them appreciations with Karma Coins
- Each month, the protocol rewards up to 10,000 KCs to up to 10 causes that got users contributions that month, using a **quadratic funding algorithm** that encourage small donations from a large number of people

JOIN US

REDEFINE THE FUTURE OF CRYPTOCURRENCY WITH US

- Join the Karma Coin mission to restore faith in the crypto space and bring the original vision of cryptocurrency to life
